Van Zandt Tells Shriners Best Atomic Secrets May Fall Into Russian Hands

REP. VAN ZANDT

America's hard-won and costly top-secret information on atomic energy and atomic weapons is in danger of falling into the hands of the Russians should the United States agree to share this information with NATO nations. Congressman James E. Van Zandt of Altoona, a member of the Joint Congressional Committee on Atomic Energy told members of the Adams County Shrine Club and guests Wednesday night at the club's annual banquet in the Hotel Gettysburg.

"If this exchange of information with NATO countries, which means America's giving up of her top atomic secrets, materializes, the American people will have been sold down the river," Congressman Van Zandt said. He added that he expected to open a fight in Congress today against sharing this information with Great Britain and other countries.

"There is a movement afoot, as a result of Churchill's visit to this country, to amend the Atomic Energy Act so that secret information will be exchanged with Great Britain and other NATO countries," the speaker declared.

Fears Executive Order

Certain officials of government are of the opinion that Congressional authority or an amendment to the act are not necessary that this secret information can be given by executive order. I challenge this, as a member of the joint commission.

"If this can be done by executive order I am fearful that before the administration in Washington changes this will be done. If it ever happens the American people will be sold down the river, because, in my opinion, any information

VET FIREMEN WILL BANQUET ON JANUARY 29

The Veterans Firemen's Association, composed of members of the Gettysburg Fire Department who have served actively for ten or more years, will hold its annual banquet on January 29 at the Eagles' home on Chambersburg St. Francis Smith, chairman of the banquet committee, announced at the January meeting of the Fire company Wednesday night at the fire engine house. The affair is scheduled for 6:30 p.m.

Firemen voted Wednesday night to hold a Ladies Night banquet in February and President William G. Weaver was authorized to appoint a committee to select the place and date and make other arrangements. He will announce this committee later, he said.

Two firemen were placed on the retired list at their own requests, John A. Codori, who has served as an active fireman for 30 years, and Ralph Fissell, with more than 20 years of active service.

Two applicants were elected to membership, Harold A. Dayhoff, 40 N. Stratton St., and John R. Leedy, 55 W. Middle St. An application from

NEW NASH CARS TO BE DISPLAYED HERE FRIDAY

Nash Motors today announced its new 1953 Ambassador and Statesman models, featuring original continental styling and numerous mechanical advancements. They are on display at Unger's Motors, Steinwehr Ave.

H. C. Doss, vice president in charge of Nash sales, revealed that the 1953 Statesman is powered by the new "Powerflyte" engine, and a new optional LeMans Dual Jetfire engine is offered in the Ambassador. New Nash power steering is available for the first time in the Ambassador model. Many new exterior solid and two-tone colors and interior upholstery and trim selections have enhanced the beauty of all models in both series of cars, he said.

A new luxurious custom hardtop convertible, called the Country Club, is featured in the full line of two and four-door custom and super sedans in both series.

"The simplicity and unity of Farina's styling keynotes in the 1953 Ambassador and Statesman a new American design treatment with a European flavor," Doss said. "Farina's creativity and craftsmanship have won for Nash acclaim throughout the United

SOCIETY WILL BUY LEGS FOR LEGLESS YOUTH

The Adams County Crippled Children's Society, with a \$200 gift already in hand and additional financial support assured, voted to underwrite the full cost of new legs for Larry Kepner, 6-year old legless local youth who has been using "stubbies" for the last two years.

Larry, now residing on Baltimore St. but formerly lived at Mummasburg, soon will return to the Kessler Institute in New Jersey for a pair of artificial legs and will remain there for about two months after the new limbs are fitted, to be trained in their use.

Born without legs, Larry is a handsome, bright boy who quickly adapted himself to use of the short artificial legs called "stubbies." The Crippled Children's Society helped pay for the "stubbies" and now will pay the full cost of the new legs and the boy's expenses while he is a patient at the Institute. The total cost is placed at about \$1,400.

Club Donates \$200

The society's president, Dr. Clarence Bartholomew, announced receipt of \$200 from the Upper Adams Lions Club toward the cost of the new legs for Larry and said he has assurance that other donations are forthcoming.

The society, after reviewing plans for the Easter Seal Sale in March, voted to buy a folding wheelchair for a rural Adams County boy who is a victim of muscular dystrophy. The youth is no longer able to use the tricycle his parents recently bought for him and has to be carried.

The chair will be made available to the boy on a loan basis, without charge and with no limit set on the amount of time he may use the chair. A folding chair was chosen so that it could be carried handily in an auto, enabling the boy to move about with his parents. The chair, which will be adult size, will bear name place identifying it as the property of the Crippled Children's Society.

Mrs. Joseph E. Codori, seal sale chairman, has ordered materials for the seal campaign this spring in which the society will attempt to sell a half million Easter Seals to raise funds with which to operate during the year ahead. (Continued on Page 3)

900 PERSONS VISIT HOME

Approximately 900 persons have visited the model home in the new Colt Park development since it was opened for public inspection last Saturday, and a large number of additional visitors are expected before the "open house" closes Sunday evening. Week-day hours are 7 to 9 p.m. and the house will be open Saturday and Sunday from 2 to 9 p.m.

Designed and built by the Gettysburg Construction Co. for a maximum of convenience on a 75 by 135-foot lot, the house is on one floor, equipped with automatic circulating hot water heat distributed by means of baseboard radiators.

It features an all-electric kitchen with electric range, refrigerator, garbage disposal unit and dishwasher. The basement has an automatic washer and dryer, deep freeze and electric water heater. Plumbing fixtures in the tiled bath are colorful Briggs Beautyware. Comodious closets are provided with sliding doors to conserve floor space. The basement is waterproofed and provides nearly 1,000 square feet of playground area.

The Metropolitan Edison Co. has three home economists on duty at the model home serving samples of food prepared on the electric range.

APPLY FOR LICENSE

William I. Corkle, Shippensburg R. 2, and Violet Elaine Schwartz, Gettysburg, have filed application for a marriage license in Chambersburg.

Justice William O. Douglas, of the United States Supreme Court, was a polio victim when he was a boy. This is what he has to say now that he has been cured:

Polio has taken healthy arms and legs, the ability to breathe freely, the gift of mobility from thousands of people. Yet that tragedy has often given spiritual strength to the weakened bodies. People thrust face to face with the reality of physical disability often get a new sense of values. Non-essentials are stripped away; life remains in its simplest terms. For that reason many victims of infantile paralysis have overcome not only the disease, but the challenge of life itself.

I was an active boy when polio struck. Then, suddenly I was rooted to one spot. Polio had paralyzed my legs so that I couldn't walk. My world closed in upon me, bounded by those things within reach of my arms, or which my family and friends could bring me.

Passengers estimated its speed variously as between 30 and 50 miles an hour.

Only the long, continuous warning blast of the horn and the plunge through the concourse floor saved a heavy human toll.

Had the floor not given way, the train would have plowed on into the main passenger waiting room.

The accident occurred at about 8:45 a.m. The train was due at 8:30 o'clock.

To Demonstrate New Short Wave Radio

When delegates and members of the Firemen's Association of Southeastern Pennsylvania hold their first quarterly meeting in Gettysburg this evening, they will be shown how Adams County's new Civil Defense short wave radio system operates.

Operators will be on duty at the central station at the fire engine house here, where the meeting will be held, and arrangements have been made by County C-D Director William G. Weaver and Deputy Director Roger Myers, Fairfield, to have operators stand by for the demonstration at fire houses throughout the county.

PHONE COMPANY ASKS COURT OK ON DAMAGE BOND

The United Telephone Co. has petitioned the Adams County Court, according to papers filed with the county prothonotary, for approval of a bond which will give it the right to go ahead with construction of a special line running from Harrisburg to the "Little Pentagon" over land of Maurice W. and Dora Kane in Franklin Twp.

The bond calls for the telephone company to pay Mr. and Mrs. Kane whatever damages are agreed upon or assessed by law in connection with the taking of a strip of land 50 feet wide and 945.6 feet long over the Kane property as a right of way for construction of the telephone line. Attached to the bond filed with the court is approval by the Public Utility Commission giving the telephone company the right of

She also told of the work of the Camp and Hospital Council before the holidays when the county chapter donated and collected 75 wrapped gifts, 300 dozen cookies, 10 table centerpieces, 100 large Hershey bars and 25 rolls of red and green crepe paper for servicemen at New Cumberland and Indian Gap.

Mrs. Albert Bachman, reporting for the home service work, said 31 servicemen, veterans and civilians had been aided in November and 37 in December.

SPECIAL BLOOD DAYS

Orville B. Orner, blood donor recruitment chairman, said the C. H. Musselman Company, Alwine Brick Company and the American Legion will supply most of the donors for the January 23 bloodmobile visit here. The next day, March 13, will be Elks' Day and enough donors can be guaranteed the center may be set up at the Elks home.

Mrs. Leroy H. Winebrenner gave the nurses' aide report: Mrs. Rex Rice for the motor corps; Mrs. H. S. Fox for the Canteen service, and Mrs. Maxwell Bucklew, executive secretary, said crutches on loan are being returned but the chapter is without beds or walkers to lend. The entire supply is in use.

The Boy Scouts were promised a first aid station here February 14 for their Lincoln-Gettysburg pilgrimage. The scouts had made a request for the station.

Local Musicians In Dist. Band Festival

Two members of the Gettysburg High School Band are representing their school in the District Band Festival being held at Millersburg High School beginning today and continuing through Saturday.

Sam Scott, son of Mr. and Mrs. S. Lester Scott, and Henry Fox, son of Dr. and Mrs. Howard S. Fox, will play trumpet and tenor saxophone, respectively, in the 200-piece band composed of high school musicians from counties comprising the Southern District.

Activities for the three days will consist largely of intensive rehearsals for the several concerts. The band, which is sponsored by the Pennsylvania Music Educators Association, has as its guest conductor Charles W. Davis of the Indiana State Teachers' College music faculty.

The host band director is Robert J. Cooper.

Three Added To Semi-Pro Squad

Three additional players were signed for the local semi-pro football squad at a meeting of the team sponsor, the Adams County Athletic Club, Wednesday evening at the court house.

There have now been 28 candidates placed on the roster. The club membership now totals about 60.

It has been decided the squad, which will play for the first time next fall, will wear black and white uniforms.

GHS At Hershey Friday Night For Crucial League Contest; Adams Co. Loop Has Full Card

A crucial game for the Gettysburg High Warriors and Hershey Trojans in the first half race of the South Penn League will be staged Friday evening at Hershey. The loser will practically be eliminated in the race for the first half honors.

Hershey's lone loss in league competition was a 46-45 setback at Chambersburg and there is little doubt Sterling Banta's charges will be a strong opponent for all future opponents. Fred Evans, guard, who tallied 30 points against Mechanicsburg, has been one of the spark-plugs for the team and has been ably assisted by Frank Capitani, Dan Tancredi, Ben Klinger, Petrucci and Snyder.

The fine showing of several Warrior reserves against Waynesboro may lead Coach Forney to making some changes in his lineup unless the "regulars" can show a little better work as a unit.

If Carlisle gets past Hanover on the latter's court Friday night, the Herd should go through to the first half championship. They showed plenty of class in trouncing Chambersburg 81-66 at Carlisle Tuesday to take undisputed possession of first place.

CHARLES STOPS BASCOM FUTURE AMONG HEAVIES

ST. LOUIS (AP)—A battering Ezra Charles, throwing each punch like a knock on the door of opportunity, has ended the heavyweight career of Young Westbury Bascom, a strong-hearted lad who hopes to do better among the light-heavies.

The 23-year-old Bascom reached that decision last night after taking a terrific beating from the ex-heavyweight champion in a scheduled 10-round bout that ended abruptly when Charles won a ninth-round technical knockout.

It was another in a string of comeback victories Charles hopes will lead to another crack at the title.

Stopped In Ninth

The fight, which was televised nationally from the St. Louis Arena, was stopped by Referee Dick Young after two minutes and 34 seconds of the ninth. The defeated East St. Louis, Ill., negro, almost continually on the defense, had a bloody face at the end, the victim of jarring, stinging rights and lefts thrown as hooks and uppercuts.

The 31-year-old Charles was ahead on points all the way.

Bascom weighed 178½ pounds to Ezra's 185.

A crowd of 3,836 paid a gross gate of \$9,672. Charles, who was contracted for 35 per cent of the net, received about \$2,600. Bascom picked up about \$1,100.

MAY SWITCH DIVISION

PITTSBURGH (AP)—Art Rooney says he may ask the National Football League to consider switching the franchise of his Pittsburgh Steelers from the American to the National Conference.

The Steeler president said several owners in both conferences have sounded him out on getting a better balance between Eastern and western clubs. The change would have to be approved by all 12 clubs of the league at a meeting Jan. 20 in Philadelphia.

PIRATES LOSE TWO

PITTSBURGH (AP)—Rookie pitcher Ron Necciai and first baseman Tony Bartirome of the Pittsburgh Pirates left for the Army Tuesday.

Before their departure for Ft. Meade, Md., Pirate General Manager Branch Rickey told his two players and some 600 other inductees that the Pirate organization has provided 106 men for the armed forces. Shortstop Dick Groat is slated for induction next month.

Couple Serenaded

Named to the committee to plan the February meeting were Mrs. Phillips, Mrs. Agnes Eckert, and Mrs. Barbour. Named to the committee for the March meeting were Miss Tipton, Mrs. Roe and Mrs. Teresa McGlaughlin.

Miss Thomas was in charge of an exchange of New Year's gifts among the membership.

After the party adjourned the group serenaded Mr. and Mrs. Sterling Kint in accordance with its policy of providing such serenades for newly-married couples in the community. Mr. and Mrs. Kint gave a donation to the park fund of the Kitchensettes. Unlike other "rattle bands," the Kitchensettes refuse gifts of food but seek donations for the park fund.

SPIRITER GETS AWARD

NEW YORK (AP)—Horace Ashenfelter, former Penn State great, the galloping FBI man who won the Olympic Steeplechase Race at Helsinki, is to receive an award for "high principle and achievement" from the B'Nai Brith sports lodge.

Lodge President Max Kast announced yesterday that the award will be made at the lodge's second annual dinner at the Hotel Astor, Jan. 25.

Ashenfelter, who lives in Glen Ridge, N. J., is connected with the Newark FBI office.

BEARS BLANKED BY SYRACUSE

By The Associated Press

The lowly Syracuse Warriors are responsible for the first place deadlock which still existed today between the Hershey Bears and the Cleveland Barons.

It was another in a string of comeback victories Charles hopes will lead to another crack at the title.

STOPPED IN NINTH

The fight, which was televised nationally from the St. Louis Arena, was stopped by Referee Dick Young after two minutes and 34 seconds of the ninth. The defeated East St. Louis, Ill., negro, almost continually on the defense, had a bloody face at the end, the victim of jarring, stinging rights and lefts thrown as hooks and uppercuts.

Billy Goodeen, veteran winger, paced the Syracuse attack with two tallies as goalie Gordie Bell turned back all of Hershey's scoring thrusts. Bronco Horvath, Eric Pogue and Armand Lemieux were the other Syracuse goal-getters.

At Buffalo, a crowd of 6,686, the largest midweek turnout in five years, saw the Bisons register three goals in each of the first two periods and add another in the third.

Lorne Davis of the Bisons turned in the "hat trick" with two markers in the first stanza and one in the second. Cal Mackay tallied twice for Buffalo.

GWU, Navy, LaSalle, Villanova Top 4

NEW YORK (AP)—George Washington, University, Navy, LaSalle and Villanova hold the top four places in major college basketball statistics released today by the N. C. A. A. Service Bureau covering games through Tuesday.

George Washington, which scored over 100 points in its last contest, has averaged 91.3 a game. Navy has 86.3, LaSalle 84.4 and Villanova 83.5. In all, thirteen teams are above 80, compared to only one—Kentucky—at the corresponding stage of last season.

Meanwhile, the defensive center of the country is just where you'd expect—in Oklahoma. Hank Iba's Oklahoma A. & M. in No. 1 and Oklahoma City is No. 2, with 50.8 and 53.0 points a game allowed, respectively.

RICKETY SIGNS MORE "BOYS"

NEW YORK (AP)—Still bent on pursuing his youth program, Branch Rickey has brought up another flock of beardless boys that, according to the Pittsburgh general manager, "will bring the Pirates 20 more victories but may not lift us out of the cellar."

High on the list of newcomers, which will include 15 not on the roster, is 20-year-old Jackie Brown, whom Rickey says is "faster than Ronnie Necciai" (who fanned 27 men in a minor league game) and George O'Donnell, a young control artist with a side-arm knuckle.

PITTSBURGH (AP)—President John G. Galbreath of the Pittsburgh Pirates says General Manager Branch Rickey will have full charge of Ralph Kiner's 1953 contract.

"Kiner's future rests entirely with Mr. Rickey," Galbreath said yesterday. For the past two seasons Kiner negotiated his contract with Galbreath. The 30-year-old home run slugger reportedly got \$90,000 in 1952 and may be due for a 25 per cent cut, the maximum permitted under major league rules.

TWENTY YEARS AGO

Local Grad Is Called to York: The Rev. Ralph R. Gresh, pastor of the Evangelical Lutheran Church of the Redeemer, Harrisburg, has received a unanimous call to become pastor of the congregation of St. Peter's Lutheran Church, North York...

Born in Obenski, near Pottstown, Rev. Mr. Gresh was graduated from Gettysburg Theological Seminary in 1926...

Couple Married: Miss Maxine Stark and George A. Sites, both of Gettysburg, were married by the Rev. Howard S. Fox, pastor of Trinity Reformed Church, at the church, Tuesday afternoon.

Dewey McCauslin Named Mercantile Appraiser: Here: Succeeding John W. Black, Gettysburg R. 5, who held the position for two years, Dewey S. McCauslin of Bendersville, was appointed mercantile appraiser of Adams County by Auditor General Charles A. Waters on Wednesday.

Mr. McCauslin, a former school teacher, is now engaged in the automobile and insurance business.

Prof. E. A. Rice Given Degree: Professor Edwin A. Rice, of the Arndtsville vocational school, has been notified by H. C. Fetterolf, director of agricultural extension in Pennsylvania, that he has been conferred upon him the honorary Keystone degree. This degree, which is given to a few outstanding leaders in vocational agricultural education each year, was conferred upon the Arndtsville teacher in recognition of his work at the school.

Poet Lauds All Classics: "Lack of the classics debars you from one of the greatest enjoyments of life," said Dr. Oliver St. John Gogarty, internationally famous Irish lecturer who addressed a large audience in the Majestic Theater Friday morning under the auspices of Gettysburg College.

Humorist, conversationalist and medical specialist, Doctor Gogarty upheld the place of the classics in university life and pointed out their need in determining values...

In concluding his address, Doctor Gogarty urged that classics be maintained in universities for it is through them that a greater enjoyment of life can be had.

Couple Marries in Emmitsburg: Miss Anna Adelsberger, daughter of Thomas Adelsberger, of Columbus, Ohio, and Daniel Topper, son of Jacob L. Topper, Emmitsburg, were married Wednesday morning at 6 o'clock at Emmitsburg in St. Joseph's Catholic Church. The ceremony was performed by the Rev. Charles Stouter, of St. Joseph's Academy.

The couple was attended by Miss Hilda Topper and Rogers Topper.

Following the wedding breakfast was served at the home of Mr. and Mrs. James Arnold.

Mr. Topper is employed at St. Joseph's College.

James B. Aumen Named Acting Supt. of Park: James B. Aumen, assistant superintendent of the Gettysburg National Park, has been appointed acting superintendent of the park, replacing Colonel Frank J. Barber.

Colonel Barber has been ill for several weeks recently...

400 Firemen at Memorial for Departed: Declaring that "fires that threaten civilization are more serious than those which cause property damage," the Rev. Henry W. Sternat appealed to Adams County firemen "to unfailingly fight civilization's fires so as to erect an everlasting memorial to those who have gone before," at the seventh annual memorial service of the county firemen's association in the Biglerville auditorium Sunday evening.

Four hundred firemen from every section of Adams County attended the service, at which George A. McClellan, president of the county firemen's association, presided...

Nine members of the Adams County firemen's association who died during the past year were honored: They were John W. Funt, E. W. Sowers, Charles Strausbaugh, Jerome S. Overbaugh, Charles N. Eisenhart, Lewis Wolf, Charles

Today's Talk

ON GETTING EXCITED

One thing we know about an excited person is that he is alive! If more people got excited about worth-while things, this would be a much better and happier world. Get an entire group of people excited — and things happen.

Excitement is faith and enthusiasm, warmed by the fire in one's heart. Excitement is contagious. Excited people get attention — and usually good results are gained. An excited group of boys, as a rule, have something happy in prospect. It's true of us all. Excited over a long-planned trip, about an idea that has long been ripening, about meeting someone beloved. Excitement stimulates!

People who never get excited never get much of anything, or anywhere. It is a wonderful thing to get excited over the new day, over the endless beauties in nature — a snow-capped mountain, a sunrise or sunset, the song of the wind, the color and fragrance of a garden, the antics of a dog at play, the smile of a baby.

Great reforms are brought about by excited people, people with faith and courage who pay no attention to temporary defeats. Civilization keeps going ahead because there are people who get excited about their daily work. I was impressed by the statement I once read about K. T. Keller, of the Chrysler organization, who said that he got a thrill about merely going to work each day.

The excitement of youth is a wonderful thing. It is noted at all important athletic contests. Why do great crowds rise in their seats at a baseball game, when a home run or a thrilling catch is made? What is it that stirs the heart at such times? How dull and uninteresting life would be without excitement!

British Seize 6 Ex-Nazis In Midnight Swoop; Charge Plot To Regain Power In Germany

BONN, Germany (AP)—In a surprise midnight swoop, British police last night arrested six former Nazis and accused them of plotting to regain power in Western Germany.

British public safety officers, assisted by armed military police, hauled the men out of their homes in the Hamburg and Duesseldorf areas, in the British occupation zone, and carted them off to an undisclosed jail.

British Foreign Office announcement, issued in London, said the plotters promoted anti-Western views and propaganda which threatened the West German federal government as well as Allied policies. The statement added that investigation would continue of the group's activities and "contacts within and without the federal republic."

Check On Activities

Britain's high commissioner in Germany, Sir Ivone Kirkpatrick, ordered the arrests under a law empowering occupation authorities to act against threats to the security of the Allies.

Among the men seized were two who had been named in Hitler's will to succeed to high political posts in what the suicide-bent Fuehrer envisioned as a continuing Third Reich.

A British spokesman said the men had not yet been charged, but they were being held while their anti-Western activities were investigated further.

REDS RESUME JEW BAITING

MOSCOW (AP)—Moscow newspapers renewed editorial attacks today against nine Soviet doctors and their alleged foreign backers accused of plotting to shorten the lives of Russian political and military leaders on western orders.

(The Soviet press had remained silent yesterday on the arrest of

the group—most of them Jews—accused of killing Andrei A. Zhdanov and Alexander S. Scherbakov and of trying to murder other Soviet leaders through improper treatment. The silence, in contrast to the trumpeting play given the original announcement Tuesday, aroused widespread Western speculation.)

More Red "Bla"

All today's editorials called for heightened vigilance against foreign spies and demanded the strictest security in the handling of state secrets. The government newspaper Izvestia declared that the "imperialists are stubbornly

trying to create in the Soviet Union their 'fifth column.'"

Izvestia also charged that the group of "despised doctors-poisoners could for a certain time operate because certain of our Soviet organs and their leaders lost vigilance and became infected with carelessness."

London sources said yesterday their belief was developing there that the case heralded a showdown between Deputy Premiers Georgi M. Malenkov and Lavrenti P. Beria. The accusations of laxness in security could be attacks against Beria, who has headed the Soviet Secret Police.

The Eisenhower Story 10.

Enters Campaign

Wins Election

Visits Korea

On June 4, 1952, in a rain and wind storm that swept Abilene, Kans., Dwight D. Eisenhower made his first political speech of his life.

A month later, he faced a bitter struggle against Sen. Robert A. Taft of Ohio for the Republican presidential nomination. Taft had a long lead in pledged delegates. Most of the convention officials and speakers were pro-Taft.

But suddenly a dramatic floor fight erupted in Chicago in full view of millions of television spectators. The Eisenhower camp charged the Taft people had "stolen" some Dixie delegates. Taftites charged that Ike's followers had packed state GOP conventions in the south with Democrats.

The balloting began on Friday, July 11. The lead see-sawed until Michigan put Ike ahead. The roll ended with the general holding 595 votes, Taft 500. Ike was still short nine votes for a majority.

Suddenly the convention tensed as Minnesota shouted for recognition. "Minnesota wishes to change its votes for Eisenhower," a voice cried from the floor. That did it. In the stampede that followed the man from Abilene ended up the first-ballot choice of the Republicans for President.

Still a political novice, Eisenhower now squared off in the campaign against one of the most talented political orators in many years—Adlai E. Stevenson.

American politics, which had seen much, had never seen anything quite like the

campaign the two candidates waged. It was easily the most strenuous, covered the most ground and reached the most people. Also, it was one of the bitterest.

Ike made 228 speeches, covered 50,000 miles by plane, train and car. His Democratic opponent campaigned equally hard. At the whistle stops, at huge city rallies and on the nation's television screens, they traded blows on scandal in government, communism, inflation, labor policy, foreign policy and a dozen other issues. The experts regarded the election as a toss-up.

But on Nov. 4, Eisenhower was an easy winner. Smashing 20 years of Democratic rule, he won the greatest popular vote in history—33,000,000 to Stevenson's 26,000,000. He won with 442 electoral votes, and lost only 89.

Between election and inauguration, Eisenhower proved to be one of the busiest presidents-elect in history. By Dec. 1 his cabinet was completed. Two days later, he landed in Korea for a first-hand study of the war, a promise he made during the campaign. On the way home, he held many vital conferences with cabinet members and aides.

Things appeared to be moving fast. Dwight David Eisenhower, who a little more than a decade ago feared he might appear "conceited" in asking for a regimental command, was now getting ready to preside over the destiny of 156,000,000 people.

Littlestown**CHURCH WOMEN
VOTE DONATIONS**

The Ladies' Aid society of Re-deemer's Reformed Church decided to contribute \$100 to the church organ fund, at the January meeting of the society held on Tuesday evening in the church social hall. A donation of \$5 was also voted to the March of Dimes.

The meeting was in charge of the president, Mrs. Wilbur A. Bankert, and opened with group singing for which Mrs. Frank E. Reynolds was pianist. Mrs. A. C. Garland read Psalm 103 and also offered prayer. A reading, "Twelve Ways to Make January A Better Month" by Dr. Ralph Sockman, was given by Mrs. Lloyd E. Crouse. Two humorous readings, "Seeing Things" and "Tele-

phone Conversations," were read by Mrs. Richard M. Phreaner.

During the business session, reports were given by the secretary, Mrs. Frank Reynolds, and the treasurer, Mrs. Paul Crabb. A cheer committee was appointed as follows: Mrs. A. C. Garland, Mrs. Granville R. Jacoby and Miss Helen Myers. Plans were made to serve three banquets to the following: Littlestown Rotary Club, ladies' night, Jan. 27; Lions and Rotary clubs with the local Boy Scouts as guests, Feb-

uary 3, and the annual banquet of the Masons of this area, Feb. 27. The society decided to purchase sectional relish dishes and Mrs. Reynolds and Mrs. Phreaner were selected to serve as a committee in charge of making the purchase. The guess package was contributed by Mrs. Charles A. Hoff and was received by Mrs. Clement A. Sneeringer. At the conclusion of the business discussion, refreshments were served to the group by Mrs. Bankert and Mrs. Garland. The next

regular meeting of the society will be held Tuesday, February 10, 7:30 p.m. at the church with Mrs. Paul Crabb and Miss Helen Myers comprising the program and refreshment committees.

Sophomore Plan Party

The sophomore class of the Littlestown High School will sponsor a roller skating party on Friday evening at 8 o'clock at Basehoar's Rink, North Queen St. The public is invited to attend and tickets are 50 cents each.

Mrs. W. H. Dern, South Queen St., is a patient in the Johns Hopkins Hospital, Baltimore, for observation.

Joseph A. Kebil, USN, SN, has returned to his ship in Pensacola,

Fla., after spending a 15-day leave at the home of his parents, Mr. and Mrs. B. Roy Kebil, South Queen St.

Plan Clothing Drive

Twenty-five were present at the January meeting of the Woman's Society of Christian Service of the Centenary Methodist Church held on Tuesday evening at the home of Mrs. Elmer E. Furlow, Littlestown R. 2, along the Westminster Rd. The worship, the theme of which was "Modern Samaritans," was led by Mrs. Furlow. Mrs. Harvey B. Simons read a letter from the Rev. and Mrs. Brinton, Methodist missionaries to Africa. It was announced that the society will conduct a drive for used clothing for overseas war relief and members of the congregation, as well as the ladies of the WSCS, are requested to bring clothing to the church on Saturday, January 24. The following were selected to serve as the hostess committee for the next meeting on Tuesday, February 10, at the church; Miss Emma Forrest, Mrs. Edward Harner and Mrs. Harvey B. Simons. The session was in charge of the president, Mrs. Robert Crist.

During the social hour, the group viewed the large display of trains erected in the basement of the Furlow home. Refreshments were served by the hostesses, Mrs. Furlow, Mrs. Emmanuel Wallick and Mrs. Jessie Byers.

Allen Harner, of town, was the guest speaker at the January session of the Men's Brotherhood of St. John's Lutheran Church on Monday evening in the church social hall. Mr. Harner, who served as a lieutenant (j.g.) in the Navy during the Korean conflict, showed pictures which he took while in Korea. During the business period in charge of the president, David Erb, it was decided to purchase ten hymnals for the church. The secretary, Richard Wolfe, gave his report. The pastor, the Rev. William C.

Karns, was named chairman of the February program committee and he announced that pictures in keeping with the history of the Bible will be shown. Refreshments were served to the group by the committee consisting of David Erb, Albert Starner, Richard Wolfe, Ronald Streig and Kenneth Bortner. The January program was arranged by Fred W. King, Clair A. Beamer and James Dutter. The next meeting will be held Monday, Feb. 9, 7:30 p.m. at the church and the refreshment committee comprises Henry Barnes, Ernest Baumgardner and Edgar E. Yealy.

Game Commission Has Winter Rabbit-Trapping Under Way

Game protectors, paid trappers and cooperating sportsmen are now engaged in the Game Commission's winter program of box-trapping rabbits in Pennsylvania. The live-trapping is done in towns, parks, tree nurseries—an y place where bunnies damage gardens and trees and so are unwanted.

Cottontails come readily to trap in winter when food is scarce or snow-covered. It is almost impossible to trap them in spring and summer, when choice foods are available in the open. The winter trapping of brood stock naturally reduces potential rabbit trouble for gardeners and others in the warm months to follow.

Home-grown rabbits are considered the finest for repopulation purposes. Box-trapped rabbits are released, unharmed, in open hunting territory where they and their offspring best serve the useful purpose of supplying gunners with sport.

Expect Big Catch

A winter catch of \$5,000 or 40,000 bunnies was considered good until recent years. Two winters ago the take was 57,789. Last winter, 57,991 cottontails were box-trapped and released. Game protectors, their deputies and other trappers in the program are out this winter to establish yet another record. This will be difficult to do, however. The program did not begin in December, the usual starting time, because of the Christmas week extension of the small game season.

A long-time Forest County game protector, Carl B. Benson, tells how occasionally luck plays into the hands of wildlife enforcement officers. "Last fall," he says, while looking into a bear damage complaint, Officer George Miller and I heard shooting. We investigated and found two men and a boy with two illegally killed fawn deer that cost them the usual stiff fines. Late in November, while I was looking for a lost person, assisted by state police and others, a carload of hunters passed me. I tried to stop them to learn whether they might have seen the one we were seeking, but when the driver saw me he sped up the car. In the aid of state police the automobile was stopped. The hunters were found to have a deer, illegally taken, and a gun in the car."

Trapping Season Dates

The Pennsylvania muskrat trapping season closes at noon Thursday, by which time all traps must be lifted.

Rat trappers reported good weather for their operations over most of the season now ending. In the best muskrat areas, they encountered little ice or changing water levels to interfere with trapping activities. The take of rats this season is estimated to be near that of last season, or about 400,000. The drought reduced the catch in some areas. The arly market price for first class rats remained discouragingly low, compared to that of a few years ago.

The mink season ended December 15. Skunks and opossums are unprotected until September 1 of this year. The last of the fur seasons for the current license period will be on beavers, February 16 to March 7.

Seek Racing Ban In Switzerland

BASEL, Switzerland (AP) — Automobile races are directly responsible for the increase in fatal road accidents in Switzerland, according to Dr. Carl Haffter, head of the psychiatric clinic of the University of Basel.

In a full-page article in the newspaper *Basler Nachrichten*, Dr. Haffter declared that the annual Grand Prix of Switzerland at Bern gave a psychological encouragement to wild driving and should be banned. The races are watched every year by some 60,000 spectators. Since they were resumed in 1947, 10 persons have been killed and more than 30 seriously hurt in track accidents.

Dr. Haffter's article suggested that automobile drivers among the spectators developed both an urge for excessive speed and a callous disregard for human life through watching the races.

EX-COLLECTOR LODGED IN JAIL

PITTSBURGH (AP) — A former deputy income tax collector sat in jail today because he refused to answer questions of a federal grand jury about an extortion plot.

He is Stanley J. Barczak, Pittsburgh, summoned in the jury's probe of a plot to extort \$4,100 from Harry Feldman, Homestead tavern owner.

Barczak testified on Monday but yesterday he refused to answer questions the grand jury was asking about an interview he gave a Pittsburgh newspaper reporter. Previously Barczak said he would tell all.

Federal Judge Wallace S. Gourley committed him to jail pending further action in the case.

Barczak was brought into the case when Frederick H. Altmeier, also a suspended deputy revenue collector, pleaded guilty to extorting \$4,100 from Feldman and told the court Barczak received part of the money.

Altmeier also told the court Joseph Baysek, another former deputy revenue collector, received part of the money. Baysek is still waiting to go before the grand jury.

HARRISBURG (AP) — The newly-created Pennsylvania Public Safety Commission met today for the first time to consider possible steps to cut down a mounting accident rate.

The 1951 Legislature authorized establishment of the 15-member agency to correlate state safety laws—ranging from highways, industry, and mines to farms—in cooperation with local governments.

Class Holds Meeting

The Ever Willing Sunday School class of St. John's Lutheran Church, taught by Mrs. Viola Badders, held its monthly meeting on Tuesday evening at the church with 17 members and one visitor present. The meeting opened with a song service for which Mrs. Bernice Yealy served as pianist. The Lord's Prayer was repeated in unison by the group.

Long, Robert H. Miller, Robert H. Thomas and the Rev. Frank E. Reynolds with Mrs. Reynolds as pianist, Poy D. Knouse and Robert Myers, Silver Run, both former members of the congregation and the Consistory, were in attendance. The pastor, the Rev. Mr. Reynolds, presided at the affair.

Mr. and Mrs. Roy Rothermel, Rochester, N.Y., announce the birth of a son born on Saturday in Rochester. The Rothermels have one other child, a son. Mrs. Rothermel is the former Ethel Kindig, daughter of Mr. and Mrs. John Kindig, E. King St.

NEW NASH CARS

(Continued from Page 1)
States."

Farina, under exclusive contract to Nash Motors, has designed more individually styled custom bodies than any other designer in the world, Doss said. His famous cars, a symbol of royal appointment, adorns all 1953 models.

The Country Club hardtop models, Farina's latest styling accomplishment for Nash, provide both increased visibility and the open air advantages of conventional convertibles.

Many major mechanical advancements are featured in the new Nash cars, Doss said.

The development of a new induction system in the 1953 Statesman "Powerflyte" engine has increased its horsepower to 100. The added horsepower in the six-cylinder L-head engine was gained by increasing overall engine efficiency without increasing displacement.

The engine's outstanding fuel economy and dependability have been maintained, Doss said.

Among engineering changes in the "Powerflyte" engine are increased compression ratio from 7.0 to 1 to 7.45 to 1, a new double-barrel Duofoil carburetor, enlarged intake manifold passages, redesigned combustion chambers, a new "high-lift" camshaft, and an improved exhaust system.

The 1953 Ambassador is powered by a high compression six-cylinder

overhead valve engine developing 120 horsepower. Called the "Super Jetfire," this engine, with a compression ratio of 7.3 to 1, is designed to operate efficiently on regular gasoline.

TITO IS ELECTED PRESIDENT OF YUGOSLAVIA

BY ALEX SINGLETON

BELGRADE, Yugoslavia (AP) — Premier Marshal Tito was elected Communist Yugoslavia's first president Wednesday by Parliament acting under a new constitution. The wartime partisan leader promised in an acceptance speech to step up industrialization and improve living standards.

Tito, who has headed the government since the defeat and withdrawal of Nazi forces in 1944, was the only candidate. He will wield about the same powers under his new title as he did formerly.

His election set up a steady chant of "Hero Tito" inside the Parliament Building. Approximately 100,000 persons outside took up the three choices on the single ticket

chant in a thundering roar. Cannon boomed a 21-gun salute.

Tito's election came as a climax of an uphill struggle which began when he was a teen-age Communist in his native Croatia at a time when Yugoslavia was divided and largely under Austro-Hungarian domination.

Peasant Heritage

He was born Josip Broz of peasant heritage and assumed the name Tito as a guerrilla leader against the German invaders. As prime minister he led his Communist regime along an independent path. He split with the Kremlin in 1948 and Yugoslavia was ousted from the Soviet-led Cominform.

A total of 568 lawmakers present endorsed Tito's candidacy in a secret vote. One lone ballot was cast against him.

Tito was given a 10-minute tumultuous ovation when he entered the chamber after the vote was counted. He was sworn in immediately as chief of state.

The members of Parliament had

They could mark yes, no, or record an abstention by dropping an unmarked ballot in the box before the speaker's rostrum.

In Power Since 1944

The election of the one-time partisan leader to the presidency makes little difference in the powers he has wielded since 1944.

In addition to setting up the presidency, the new constitution provides that Parliament's 40 members presidium, which has had little authority in the past, will take over executive affairs from the cabinet.

It also calls for a new two-house parliament. One house, elected by the entire population, will be called the "Council of People." The other, chosen only by producers and industrial, mining and agricultural workers, will be called the "Council of Producers." Both houses will have equal rights.

The present Parliament will continue sitting until it passes a law covering the election of deputies for both new houses. The voting probably will take place in May.

List Grand Champion Prizes At Farm Show

HARRISBURG, (AP)—The latest grand championship awards at the state farm show went to:

Milking shorthorns — James A. Scott, Burgettstown, Washington

As members of Parliament, most of Tito's present ministers probably will retain their jobs although they may carry different titles.

Change Duties

In the past, the chief duty of the parliamentary presidium has been to approve government executive decrees when Parliament is not in session.

Now it is to be subdivided into committees with jurisdiction over legislation affecting such matters as foreign affairs, interior questions and agriculture. With Tito as its head, it will appoint state secretaries, deputy secretaries and other administrators to handle executive duties now performed by ministers.

The check for \$27,500 was turned over to Dean Lyman Jackson of Penn State's Agriculture School at a ceremony in connection with the State Farm Show.

The check was provided by the Pennsylvania Poultry Federation.

The amount represented the federation's contribution in matching a similar fund put up by the 1951 General Assembly.

The legislative appropriation provided \$100,000 for erecting the new research center as part of the agricultural experiment station at Penn State. It offered an additional \$37,000, however, if the farming industry could match this amount to outfit and equip the center.

Animal Research Center Assured

HARRISBURG, (AP)—Pennsylvania's livestock industry was assured today of a modern animal disease research center as a drive ended to raise funds needed to construct the institution at the Pennsylvania State College.

A check for \$27,500 was turned over to Dean Lyman Jackson of Penn State's Agriculture School at a ceremony in connection with the State Farm Show.

The check was provided by the Pennsylvania Poultry Federation. The amount represented the federation's contribution in matching a similar fund put up by the 1951 General Assembly.

The legislative appropriation provided \$100,000 for erecting the new research center as part of the agricultural experiment station at Penn State. It offered an additional \$37,000, however, if the farming industry could match this amount to outfit and equip the center.

Eight Russian Migs Blasted By Sabre Jets

SEOUL (AP) — U. S. Sabre jets destroyed at least eight Russian-made MiG-15s Wednesday in the biggest air battle in North Korean skies since September.

The U. S. Fifth Air Force said Allied pilots bagged eight of the Red warplanes, probably destroyed one and damaged three. Additional claims of one probable and six damaged are pending confirmation.

The Air Force also said eight Red warplanes were damaged.

The air battles came after U. S. Superforts and fighter-bombers smashed home two more trip-hammer blows against the key Communist transport center at Sinanju. The one-two assault marked the sixth straight day of a relentless drive to knock out a main Red supply route from Manchuria to the frozen front.

The sustained air blows apparently stung the Red fighters into action after six days of relative quiet in Mig Alley, deep in North-West Korea.

The day's toll of MiGs is the highest reported since Sept. 4, when 13 were destroyed and four damaged.

Night-flying Superforts plastered the Sinanju area with 110 tons of bombs early this morning. Almost before the smoke and debris settled, 150 Air Force and Marine fighter-bombers made another pulverizing attack.

Destroy Bridges

The fighter-bombers swooped in at low level and virtually laid their bombs on railroad bridges across the Chongchon and Tae-yong Rivers. Pilots reported gaping holes were blasted in the bridges

and twisted spans dropped into the waters below.

On the ground, patrol actions flared all across the war-torn peninsula. No major engagements were reported.

Wednesday's raids were the eighth and ninth since the aerial assault on Sinanju got under way Friday night. Superforts have dropped about 800 tons of bombs, and 1,090 swift fighter-bombers have followed up with daylight strikes.

Col. Victor E. Warford of Chickasha, Okla., said his flight of planes went in so low "it looked like the nose of my plane was going right into the bridge."

Other Allied warplanes smashed at the Communist front lines.

B26 Invader bombers last night destroyed an estimated 110 Red supply trucks in North Korea.

South Korean infantrymen forged the icy Nam River on the Eastern Front on Wednesday, hit six entrenched Red units and skirmished in the open with a seventh. Altogether they estimated 35 North Korean Communists killed.

Ens. Snyder, disbursing officer on the destroyer Greenwood, was charged with taking the ship's payroll with him when he went on a 10-day leave last Oct. 17. A month later FBI agents arrested him in a hotel in Balboa, Calif. He had about \$2,000 left.

Since Snyder's arrest, the FBI has recovered an estimated \$10,000 including the value of two cars Snyder bought on his spending spree.

When he was returned to Norfolk to stand trial, Snyder told a reporter that heavy drinking had so affected him mentally that he "hardly knew what I was doing" when he took the ship's payroll.

Of the stars that can be seen with the unaided eye, the sun is actually one of the smallest and faintest, although it appears much brighter than any other because it is near the earth.

NAVAL OFFICER SENT TO PRISON

NORFOLK, Va. (AP) — A naval officer accused of taking his ship's \$38,000 payroll and spending most of it on a coast-to-coast trip with a six-foot showgirl and other women was convicted Wednesday and sentenced to five years in prison.

Federal District Judge Albert V. Bryan directed that Ens. George McClelland Snyder, 28, USNR, serve his sentence at the federal prison at Lewisburg, Pa., not far from the home of Snyder's father at New Cumberland, Pa.

Blames War Nerves

The defendant did not testify. The only defense witness was his father John J. Snyder, who attributed his son's trouble partly to war nerves.

The elder Snyder, an attorney, said his son had survived ship sinkings in World War II and more recently in Korean waters.

Driscoll Says He Won't Run Again

TRENTON, N. J. (AP) — Gov. Alfred E. Driscoll of New Jersey said Wednesday he will not seek re-election this year.

Driscoll's statement, made at a news conference, left the way open for a political scramble among the dozen or more touted Republican gubernatorial candidates.

Driscoll, who has been governor for two terms since 1947, had said last November his mind was made up about running for re-election this year. There was no public disclosure of his decision until Wednesday, however.

Organization of boards resulted as follows: Supervisors, Daniel Shorb, chairman; Auditors, James W. Bigham, chairman; Robert E. Wenschoff, secretary, and Dorothy Spragg.

Moslems, who made the pilgrimage to Mecca required by their religion, used to pay a heavy tax for the privilege, but oil revenues have increased sufficiently in Arabia so that the tax has been dropped.

Columbus Captain Discovered Opossum

AUSTIN, Tex. (AP) — The discoverer of the American opossum was a ship captain of Columbus, Vicente Yanez Pinzon, says Dr. Carl G. Hartman in his recently published book, "Possums."

The discovery was made Feb. 8, 1500, and the opossum was later presented at the court of Ferdinand and Isabella, says the author who is now associate direc-

tor of the Ortho Research Foundation, Raritan, N. J.

The opossum young is born an embryo and incubates in the abdominal pouch, a process which grows in length soley at their tips.

Dr. Hartman has observed and recorded pictorially in his book.

Trunk and branches of a tree grow in length soley at their tips.

FARM CALENDAR

Avoid Money Leaks—Plug up the money leaks around the farm, suggests Edward Smith, Penn State extension farm management specialist. Some of the leaks are using

too much seed, skimping on fertilizer, slipshod preparation of soil for planting, failure to protect crops and animals from insects and diseases, and low-producing livestock.

Kill Orchard Mice—Although

there are fewer mice in Pennsylvania orchards this year than usual, there are enough to cause a lot of damage. Carl Bittner, Penn State extension entomologist, urges the placing of poison bait to kill the mice. Get a copy of Circular 342,

on orchard protection, from your county agricultural agent.

Improve Grasslands—Reports on

the 129 farmers enrolled in the 1952 Pennsylvania Grassland Club show that these farmers are making good use of hay, pasture, cover crops, and grass-legume silage in their total farming operations, points out Frank Bamer, extension agronomist of the Pennsylvania State College.

Corn Borers Low—Nature helped

tumble numbers of the European corn borer to a 10-year low in Pennsylvania last summer. Edgar Udine, Penn State extension entomologist, explains that the cool, wet spring which delayed corn planting and the unusually dry August over most of the State were mainly responsible.

Plant Good Seed—Be sure to use

bright, plump vegetable seed true to name and of high germination, urges James Dutt, Penn State extension vegetable garden specialist.

Solve Litter Problem—Use of

built-up litter in the poultry house helps to solve the wet litter problem, reminds Carl Dossin, extension poultry specialist of the Pennsylvania State College. The system works best when the house is not overcrowded, when the birds do not waste water around fountains, and with proper ventilation.

News Of Special Interest To The Residents Of Emmitsburg And Vicinity

Historic Old Emmitsburg Presbyterian Church Will Install Pastor On Jan. 15

One of the oldest and most historic churches in the vicinity, the Emmitsburg Presbyterian Church, will install its new pastor, the Rev. Gideon Eugene Galambos, native of Czechoslovakia, in ceremonies to be held this evening at 8 o'clock at the church on W. Main St.

The new pastor of the Emmitsburg - Piney Creek - Taneytown charge of the Presbyterian Church was approved at a meeting of the Baltimore Presbytery in December. Each of the three congregations has had a continuous history of more than a century.

Nearly 190 years ago Presbyterian settlers formed a congregation near the town of Emmitsburg. Since these early days when the pioneers cut their way through the wilderness, the church has developed, prospered and has had a marked influence on the history in that area.

Consumed By Fire

The courage, determination and willingness of the early settlers was to be not only the beginning of the church; it was to have a vast influence on the congregation of today by handing down the fellowship and will to meet the problems and disappointments which would arise throughout the years.

The original church stood along the Gettysburg Road near the Presbyterian Cemetery where the congregation worshipped for 78 years. In April 1839, the edifice was torn down and rebuilt in the nearby village. In 1878 the church was again reconstructed, this time in the form of a Gothic structure. Lightning struck the church August 28, 1902, and it was consumed by fire. Two years later it was reconstructed. In 1950 the church was redecorated and in the fall of 1951 a new organ was installed.

Piney Creek Church

Organization of the Piney Creek Church took place in 1763. There is no record of the first building but it is believed to have been built before the settlement of the first pastor, the Rev. Joseph Rhea, in 1771. The plain log structure is described as having "pews straight backed and tall, its pulpit goblet-shaped half up the wall with the sounding board above." About 1818 this building was removed to make way for another edifice on the same site and constructed along the same designs. It was again remodeled in 1869. The stone wall around the cemetery was built, and, at a later date, a tower was added and space set aside to afford greater convenience for the Sunday School.

In the year 1789 the Piney Creek Church merged with the Emmitsburg congregation and called the Rev. Patrick Davidson to be the pastor. This union came after 40 years of separate existence. Rev. Robert S. Grier was the second pastor of the two churches and served his people for 52 years, the entire period of his ministry.

Friendly Church

To the worldly-minded, no great achievement seemed to have justified the existence of the Piney Creek Church for the past 189 years as its largest recorded communicant membership is listed as 144 in 1824.

However, the church has been a guiding spirit in the community and is familiarly called "The Friendly Church By the Side of the Road."

The Taneytown Church was organized in 1828 and the people worshiped for some years in what was called "The Yellow Church with the German Reformed Congregation." The present structure was built in 1883. In 1888 Taneytown and New Windsor merged. Thirty-one years later, in 1899, Emmitsburg, Piney Creek and Taneytown united in calling Dr. William Simonton. This union was dissolved due to Dr. Simonton's health and in 1891 the Taneytown and Piney Creek congregations united.

In 1925 the Presbytery of Baltimore united the three congregations under the Rev. Thomas T. Brown. The Emmitsburg charge gave the Rev. Mr. Galambos a call after hearing him preach when its pulpit became vacant. All three congregations have furnished sons for the Presbyterian ministry. John Hays, Emmitsburg, was for a time Presbyterian minister at New Windsor and is pastor of the Presbyterian congregation at Mansfield, Pa. Eugene Stambaugh, member of the Piney Creek congregation, is in his second year at Princeton Theological Seminary.

PLAN SHOOTING MATCH

A shooting match will be held on Saturday starting at 12 noon, at Jake's Place on the Tract Road. Hams and Woolrich will be awarded as prizes as well as a 100-pound pig.

Mrs. George Thompson spent Wednesday and Thursday in Baltimore visiting with Mr. and Mrs. Claude Sullivan.

Mrs. Charles Cinegar has returned to the home of her parents, Mr. and Mrs. A. W. Eckenrode after spending three weeks with her husband in Chicago.

ST. JOSEPH'S HS PTA MEETS ON TUESDAY NIGHT

The monthly meeting of the Parent-Teachers Association of St. Joseph's High School was held Tuesday evening in the school auditorium with the president, Prof. Dominic Greco, presiding. Six teachers and 37 parents were in attendance.

The president congratulated the association for approving the payment of the girls' new basketball uniforms. He discussed the financing of the basketball teams of the school, stating that athletic tickets are on sale which would entitle the holder to witness about ten games during the season. He also suggested some form of activity to swell the treasury of the athletic association.

Mrs. Clarence Wachter, chairman of the Christmas Dance gave her report, stating that the dance was poorly attended and a suggestion was made that the Freshman and Sophomore classes be encouraged to attend these social affairs.

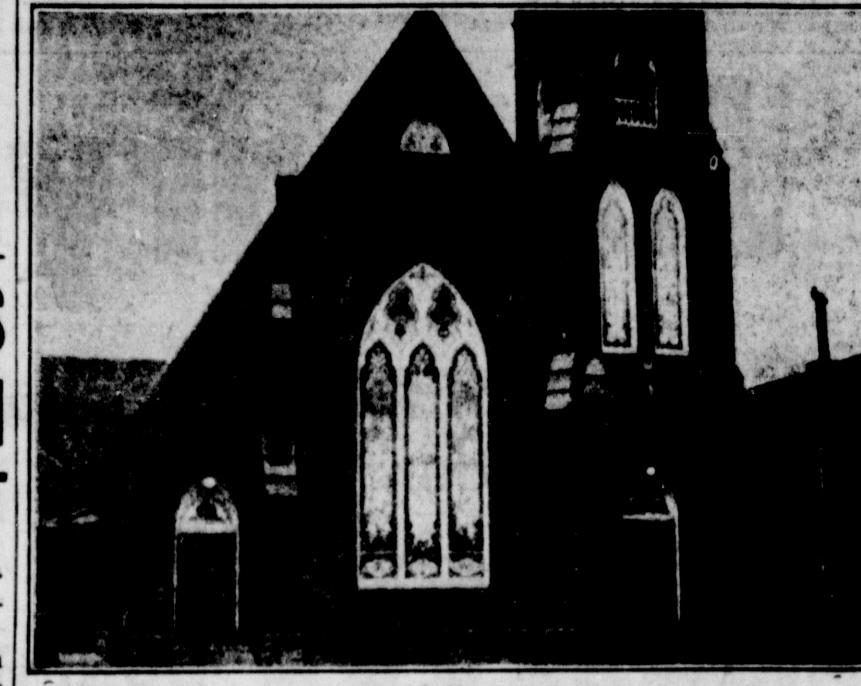

Best wishes for a happy new year from Sister Lucille, principal, who has been ill for several months were expressed to the PTA from a member of the faculty. The purchasing of drapes for the auditorium as soon as possible, was turned over to the Drapery and Finance Committees. Thornton W. Rogers of the drape committee was asked to secure samples and sketches of certain type drapes and report to the committee.

May Get Inaugural on TV

A member of the faculty asked the PTA if it would consider buying film strips to be shown to the students for education purposes. No definite action was taken regarding this matter but is under consideration.

Guy A. Baker offered to contact Robert Wormley in an effort to obtain a television for the inauguration ceremonies to be set up in the school for that day. A member of the faculty thanked the men of the organization for their help at the Glee Club Christmas concert and announced that the Club is now working on a spring operetta.

A letter was read by the president from the Vigilant Hose Co. thanking the PTA for the use of card tables and cards they borrowed for the recent card party. An announcement was made by Mrs. Margaret Wasilsky a member of the faculty, regarding a conference of the Scholastic Association to be held March 12, 13, 14 and 15th at Columbia University, N. Y. The cost per person to attend this conference would be approximately \$65, which includes train fare, hotel room and meals. It was decided to hold a covered dish social in conjunction with the next meeting which will be held on

February 10. The time for the meeting will be at 7 o'clock and the social will begin at 7:30 o'clock. Earl Gelwick was named by the president as a delegate from the organization to attend the Community Fund meetings. A date for the annual card party will be set at the February meeting.

Following the meeting Prof. Greco introduced the guest speaker for the evening, Dr. Edward I. Fenlon of the faculty of Mt. St. Mary's College, who discussed "Philosophy and Education." A prayer by a member of the faculty closed the meeting.

STAGE LIGHTS FOR SCHOOL

St. Joseph's High School Alumni Association recently purchased four Capelites fresnel type spotlights constructed of a very high quality aluminum boxes with socket adjustments from a prominent New York stage lighting company for use on St. Joseph's High School stage. Shortly after their purchase, the lights made their debut when they were used for the first time for a play showing the true spirit of the missions.

Down the Line with Johnny Bell

Some people talk a lot

But only some people. Most people on a party line are considerate of others. They give up their line quickly in an emergency. They space their calls and keep them reasonably short so they won't miss important calls. This kind of cooperation helps anyone on a party line get better telephone service.

The faster the better *

In a way, Long Distance telephone service is like tobogganing. The faster it is, the better you like it. There's one sure way to speed this service. That is to call by number, instead of giving the operator just the name and address of the party you're calling. This saves the time necessary for her to call for the number. Make a note of Long Distance numbers you call often and keep them handy. You'll find it'll make Long Distance telephone service faster.

January is a good month to —

Make New Year's resolutions — and keep them... File income tax returns... Study last year's books to see where the weak spots in your farm business are and make changes to boost farm profits... Select hatchery and order chicks for early delivery... Complete breeding of cows needed for fall milk production... Check cattle for lice and grubs and treat with rotenone... Start feeding grain to breed ewes so they'll be in condition to give lots of milk after lambing... Attend Agricultural Society meeting in Baltimore... Order spring seed catalogs... Spray peach trees to control leaf curl... Make final selection of turkeys for the breeding flock... Give cattle exercise by turning them out when weather permits.

2 GOP LEADERS SPLIT ON WAGE, PRICE CONTROLS

WASHINGTON — Two key Republicans disagreed today over whether to give the incoming Eisenhower administration standby power to control prices and wages.

Chairman Caphart (R-Ind.) of the Senate Banking Committee said he favored enactment "of standby controls to operate for the

duration of the Korean War."

But Chairman Wolcott (R-Mich.) of the House Banking Committee, in a separate interview, said such powers are not needed and "would swing like a sword over the head of business."

Reject Truman Views

The two banking committees handle economic controls bills in Congress.

This conflict developed in the wake of President Truman's final major message to Congress—a 218 page annual economic report from the President and his three-man Council of Economic Advisors.

Republican congressmen generally thrashed aside most of Truman's parting report and said they look for President-elect Eisenhower to guide the nation to a stable prosperity not "based on war."

Praised By Democrats

Democrats who specialize in economic affairs praised the report and said GOP economic policies of the past 20 years, if put into effect now, would pitch the country into an economic tailspin.

On controls, most Republicans and many Democrats said they expect wage-price curbs to die no later than April 30, when the present controls law expires. Thus, the big question was whether legal machinery should be provided for restoring controls should a spurt of inflation threaten the economy.

The Truman report cautioned against premature lifting of controls. It cited rapid price rises of the past in arguing that standby powers are needed in these tense times.

More broadly, the document sounded this theme: Prospects are bright for unparalleled prosperity throughout 1953 but the country faces one of its most serious threats of depression when defense spending tapers off next year.

SECRET UNION VOTE ASKED IN PHILA. STRIKE

PHILADELPHIA — The nation's third largest city lay limp in the grasp of a transit strike to-day with the city administration making the only apparent move to end the two-day walkout of 9,700 members of the CIO Transport Workers Union.

For the second day in a row, some 2½ million commuters struggled to work and school in jammed trains, car pools, taxicabs, bicycles and afoot.

Last night Mayor Joseph S. Clark Jr. urged leaders of TWU Local 234 to conduct a secret ballot among the union members to determine if they wish to continue the strike.

Clark said in a statement that the union had promised to have a reply by this afternoon.

Trolleys, buses and the vast sub-way-elevated lines of the Philadelphia Transportation Company—a privately owned utility—stopped running at midnight Tuesday following rejection of a PTC "final" offer at a mass meeting attended by 2,500 union members. The offer had been accepted earlier in the day by the union's representatives in negotiating sessions with the PTC in the mayor's office.

Clark said he felt the secret poll of all striking workers might disclose a majority in favor of returning to work and accepting the company offer since only about 25 per cent of the membership voted for the walkout.

Union leaders themselves disagreed over the strike vote. International President Michael J. Quill called the strike "wildcat and illegal."

Paul W. O'Rourke, president of the striking Local 234, who was unavailable for comment on Clark's suggested secret ballot, announced earlier that the local executive board had voted to support the striking members in their efforts to get a better contract.

APPROVAL OF PARI-MUTUELS WILL BE SOUGHT

BY BEN FRENCH

HARRISBURG (P)—The Pennsylvania Association of County Fairs has planned a campaign to take the question of legalizing parimutuel betting before the voters next fall.

Charles W. Swoyer, Reading, association secretary, said the fairmen, at their annual convention here Jan. 21-22, will ask the General Assembly to hold a statewide referendum to determine sentiment on the controversial question.

"The only democratic way to settle it is to bring it before the public," Swoyer told a newsman. "If it passes, then the 1955 Legislature can draw up a law with the knowledge that it has the support of the people."

16-Year Campaign

The fairmen have urged the legalizing of pari-mutuel betting at horse race tracks for 16 years. Last month the State CIO Council offered its support for the first time.

Under pari-mutuel wagering, the betters share the total stakes less a small per cent to the track management. The odds are controlled by a machine under supervision

of the state.

Swoyer said passage of the bill would be a "boon to harness racing in Pennsylvania." He suggested the establishment of three running tracks and three harness ovals in the state.

"We wouldn't have the parimutuel betting during the fairs but at some other time during the year," he said. "The fairs are primarily agricultural expositions but some of the larger fairgrounds have tracks that could be used for race meetings."

HAVE SULKY RACING

At the present time Swoyer's Reading Fair is the only Pennsylvania meeting on harness racing's grand circuit. However, some 19 other county fairs offer programs featuring the sulky.

Fairgrounds at Allentown, Pittsburgh, Reading and York were suggested sites for harness race meetings with the possibility of the construction of a new plant near Philadelphia. The running tracks will be located in eastern, central and western Pennsylvania, Swoyer said.

Swoyer believes the referendum proposal has a good chance of passing the Legislature this year because it gives the people a chance to express their opinion.

The nearest a horse race bill ever came to adoption by the Legislature was in 1935 when the measure passed the House by a 127-61 vote and then died in the Senate. Most bills since then have been lost in committees.

FLAVOR

THIS wonderful new machine pasteurizes Pensupreme Milk in a single instantaneous flash! Fifteen brief seconds are all the time it takes for Penn Dairies' new "Flash Pasteurizer" to make your milk healthfully safe to drink!

Old-fashioned low-temperature pasteurizing for thirty minutes "cooks" much of the natural flavor out of milk. Laboratory research showed that the original goodness of milk could be preserved after pasteurizing if a way could be found to heat and cool the milk in the span of a few seconds.

Engineers solved the problem with the "Flash Pasteurizer," which heats the raw milk quickly to 163 degrees—holds it at this high temperature for 15 seconds—then returns the milk to its original coolness. Thanks to this marvelous new device, the Pensupreme Milk you drink has the same delicious freshness you'd expect of raw milk!

Try Pensupreme's "Flash Pasteurized" Milk for only 14 days. See for yourself how the fresh, wholesome, natural-milk flavor is preserved.

Lebanon Children

To See Inaugural

LEBANON, Pa. (P)—Lebanon's 6-300 public and Parochial school children will see the inauguration of President-elect Dwight D. Eisenhower next Tuesday—thanks to William H. Worrell, president of the Lebanon Steel Foundry.

Worrell arranged for installation of 21-inch television sets for all of Lebanon's 15 schools. The project is part of the foundry's program to further the education of Lebanon children in civics and history.

Through the cooperation of the Radio Corp. of America, which is supplying the TV sets, three giant projectors—the size of movie screens—will be installed in Lebanon's three high schools.

The TV sets will be kept in the schools permanently—a gift from Worrell—to be used for educational purposes.

Open Rail Traffic After Ten Hours

MORRISVILLE, Pa. (P)—The Pennsylvania Railroad has restored full passenger service on the New York-Philadelphia main line which had been blocked for more than 10 hours by a freight train derailment.

A railroad spokesman said the

most of the bills have provided for the state to get a share of the "take" from the betting at each track. Swoyer estimated the state's share would run into millions of dollars a year and "would help solve the tax situation."

The Pennsylvania Council of Churches already has planned a vigorous campaign against any horse race bill that might be introduced in the General Assembly this session. It opposes the move "on moral grounds."

Actually, there is no law against horse racing in Pennsylvania. However, without pari-mutuel betting the construction of huge racing plants is impractical from the financial standpoint.

FARM YOUTH HAS BIG DAY AT STATE SHOW

By JOHN KOENIG JR

HARRISBURG (P)—Farm Youth set the keynote at Wednesday's session of the 37th annual Pennsylvania State Farm Show Arena Tuesday night at a rural talent festival.

Although youth looks forward to what is to come, the Future Farmers of America took a glance backward at 25 years of agricultural achievement.

The occasion is the 25th anniversary of the establishment of the farm youth training organization in Pennsylvania. To celebrate, the FFA invited its counterpart, the Future Homemakers of America, to join in ceremonies Wednesday in elaborate forum of the state

MARTIN VOTED YES

WASHINGTON (P)—Pennsylvania's senior senator, Republican Edward Martin, joined the majority in voting 81-7 Tuesday to deny Sen. Wayne Morse (Ind.-Ore.) a seat on the Armed Services Committee. The vote came after the Senate approved a leadership-chosen slate of 14 other members. Sen. Saltonstall (R.-Mass.) was chosen unanimously as chairman. Sen. James H. Duff (R.-Pa.) was not listed as voting.

Last of the four tracks of the line was cleared of the debris of seven wrecked freight cars at 8 a.m.

Delays of up to two hours were experienced overnight as trains were rerouted. Railroad crews worked through the night to clear the tangled wreckage, and repair the tracks.

education building.

Meanwhile, swarming crowds continued their visits to the Farm Show Building, center of the week-long get-together of farmers, equipment makers and their well-wishers.

An estimated 280,000 persons had visited the educational as well as entertaining show when the doors closed on Tuesday. That's just 5,000 short of the pace set during the first two days of last year's record-smashing show.

Focal point of interest was the eighth annual talent festival, entitled "Susquehanna," which presented in dramatic and musical form the history of rural Pennsylvania. Some 800 persons from half of the Commonwealth's 67 counties took part in the colorful singing and folk-dancing performances and tableaux.

Author and director of the unheated show was William R. Gordon, extension rural sociologist at the Pennsylvania State College.

Almost every type of excellence in agricultural achievement was re-

warded Wednesday when the FFA held its banner meeting.

Outstanding FFA Boy

Officials announced in advance that John Mackison, 17, of Delta, York County, would be named state star farmer. Frank Wilson, Montrose, Susquehanna County, received a plaque as "Outstanding FFA Boy of the Year."

Frank is president of the statewide FFA organization listing some 11,800 members enrolled from 14,000 vocational agriculture students.

Named as the star dairy farmer for Pennsylvania is Robert F. Erway, 20, of Wellsboro. R. D. 2, Tioga County, who operates his own farm. He will receive \$100 for his accomplishments in dairy production.

Star Farmer Awards

Along with Mackison, four other high school seniors have been selected for regional star farmer honors. They are Frank B. Miller, 18, Bangor R. D. 2, Northampton County; E. Stern, 18, Roaring Spring, Blair County; Edward A. Rinckhoff Jr., 17, Belle Vernon R. 2, Westmoreland County, and Robert Wor-

ley, 17, Mercer.

The first posthumous award in FFA history goes to the family of Daniel Spellick. Selected as the winner in a new wildlife project contest, Spellick was killed in a highway crash several weeks ago.

He was a senior at Union Township High School in New Castle, Lawrence County.

Hundreds of other medals, prizes and keystone degrees are to go to more than 200 FFA members while 38 men from all parts of the state are to be conferred with honorary keystone farmer degrees.

PREDICTING BIG FOREIGN AID CUT

WASHINGTON (AP) — Rep. Vorys (R-Ohio) predicted today that President-elect Eisenhower, first supervisor of the European arms buildup, would be lucky to get 5½ billion dollars for next year's foreign aid program.

And Rep. Zablocki (D-Wis) said President Truman's request for \$7,600,000 might be whittled as low as five billion dollars—a 35 per cent slash. There has been no indication of how large an amount Eisenhower will support. Last year he spoke out against proposed deep cuts as fraught with peril.

A Republican pledge to cut government spending, plus growing uneasiness with the results of Europe's rearmament drive, seemed certain to confront the

foreign aid program with tough going.

No action on foreign aid is expected for several weeks. The Eisenhower administration first must submit its own budget requests, and many Republicans expect the GOP budget to call for smaller foreign aid appropriations.

Congress appropriated a little over six billion dollars for the fiscal year ending next June 30; Truman had asked for \$7,900,000,000. The year before, Congress approved \$7,300,000,000.

"There were too many ups and downs for me," said Williams, so he went to work with lumber, nails and paint. He's already spent \$295 and expects to spend about \$200 more before his project is completed.

The 62-year-old postmas-

ter has eight more years to go with the department and he believes in making things easy for himself so he started the remodeling job himself. Before Williams took over in November, the carrier frequently had to leave his car and deliver mail on foot.

The 62-year-old postmas-

ter has eight more years to go with the department and he believes in

making things easy for himself so he started the remodeling job himself. Before Williams took over in November, the carrier frequently had to leave his car and deliver mail on foot.

"There were too many ups and

downs for me," said Williams, so

he went to work with lumber,

nails and paint. He's already spent

\$295 and expects to spend about

\$200 more before his project is

completed.

When it is, he will be able to

reach all 434 boxes without leav-

ing the driver's seat since all

small boxes will be 44 inches from

the ground and all large ones 40

inches—as per regulations.

Van Zandt

(Continued from Page 1)
given to NATO will eventually filter down to the Russians."

Mr. Van Zandt said the best illustration "I can think of that this can happen is the case of France, which has had 18 governments since World War II."

The congressman, a veteran navy man and a captain in the Naval Reserve, returned recently from a seven weeks' visit to Korea.

He has been a member of the joint congressional committee on atomic energy since its inception.

Election Mandate

"I have grown up with it, so far as Congress is concerned," he said. "The greatest deterrent to war we have is our atomic weapons. I have always been of the opinion, however, that we have never had atomic targets in Korea. I was of the opinion that we should not use atomic weapons in Korea for that reason, and because of the psychological effect favorable to the Russians."

"The election of November 4 gave to Eisenhower and the Republican party a mandate to clean up the Korean situation and end the war, and after seven weeks in Korea, where I ate with our men, slept with them and argued with them, I am now of the opinion that the only way we are going to end the Korean war is to get tough, and part of the program of getting tough is to use the atomic bomb."

"Not only are there targets in Manchuria, but there are targets in Korea which we could use effectively."

As for the psychological effect, after hearing Radio Moscow propagandize its listeners against us by citing the threat of germ warfare, in my opinion the dropping of atomic bombs would not amount to anything as far as psychology is concerned.

Has Atomic Stockpile

"Russia will be offered no advantage in the propaganda war if we use the atomic bomb, because Russia is already giving us the works anyway."

Congressman Van Zandt said that the United States now has a stockpile of atomic weapons sufficient to meet these target demands.

"The hydrogen weapon is still in its infancy," he said, "and top-secret, yet it is well known that it is far more powerful than the conventional atomic type weapon."

The congressman showed a movie, "Operation Greenhouse," covering the atomic bomb tests on Eniwetok in 1951, which showed three bombs bursting on a simulated city.

"Through this film, the American people, for the first time, are permitted to witness, not only the sound, but the vast devastating effect of these explosions," he said.

Greater Destruction

The speaker declared that the conventional type "A" bomb produces destruction comparable to the effect of 20 tons of TNT, and the hydrogen bomb destruction many, many times greater.

Speaking of peaceful adaptations of atomic energy, Congressman Van Zandt declared that "atomic energy is destined to revolutionize the American way of life, particularly in the field of power and heat."

He said that 4.2 pounds of uranium will produce heat and power comparable to between 2,500 and 3,000 tons of coal. "This amount of uranium will cost about \$47. For coal to compete, it would have to sell for from two to three cents a ton."

"Stocks of uranium are already being built into atomic engines for submarines and aircraft carriers. In a few years, small sticks as large as a lead pencil will provide electric light and power sufficient for an average sized town."

Shows Counter, Uranium

Mr. Van Zandt exhibited a small piece of uranium from the Black Hills of South Dakota, and a Geiger counter, and showed how uranium is located.

At the business session, Samuel H. Higinbotham, Littlestown, was elected president of the club, to succeed William R. Swisher, Gettysburg. Other officers elected were: First vice president, Dr. R. D. Wickerham, Gettysburg; second vice president, John D. Teeter, Gettysburg; treasurer (re-elected) James L. Mumper, Gettysburg, and secretary, (re-elected) Dr. Frederick Tilberg, Gettysburg.

Named as new directors for one-year terms were the retiring president, Mr. Swisher; Moses S. Hershey, York Springs; Arnold E. Orner, Arendtsville; Richard H. Higinbotham, New Oxford and William H. Muser, Gettysburg.

Guests present included Potentate John Eshelman, Zembo Temple, Harrisburg and members of his dian, and Past Presidents Congressman Walter Mumma and Paul Swab, Harrisburg.

EPISCOPALIAN

(Continued from Page 1)
Revised Standard Version of the Bible. A mission box of children's sweaters was sent to Georgia by Mrs. Philip Noble, chairman. Mrs. Roy Hammond reported that a supply of new dishes had been purchased and placed in the kitchen. Poinsettias were placed in the church during the Christmas season in memory of Mrs. C. E. Curley, former Auxiliary member and superintendent of the Church School.

Letters of thanks for baby spoons were read from Mrs. Watson Sadler and Mrs. Richard Ramsey, as was a letter from the Rev. Martin H. Knutson for the tippet given him as an ordination gift. Mrs. E. G. Adams Jr., reported that the auxiliary served luncheon to 45 visiting clergymen and guests following the ordination and that the church vestry shared the expenses with the auxiliary.

Mrs. Guyon E. Beuhler reported that she has official church calendars for sale.

The auxiliary will sponsor a covered dish supper on the night of Shrove Tuesday, followed by a white elephant auction. This pre-lenten function will be for members of the parish only and the committee in charge will comprise Mrs. Samuel Miller, Miss May Mickley, Mrs. Beuhler, Mrs. Hammond and Mrs. Williams. The next meeting will be held on February 4 at the home of Mrs. Williams on Seminary Ridge.

PRIEST RETURNS

Rev. Fr. Louis J. Yeager has resumed his duties as pastor of St. Ignatius Loyola Catholic Church in Buchanan Valley after a protracted absence due to illness.

Mamie Models Inaugural Gown

Mrs. Dwight D. Eisenhower, seated in her New York home, displays the formal gown she will wear to the Presidential Inaugural Ball in Washington January 20. The foamy evening dress, of Renoir Pink Peau-de-soie, is decorated with more than 2,000 rhinestones. It was designed by Nettie Rosenstein, noted New York stylist who was commissioned to do the job by Nieman-Marcus of Dallas. The skirt is set on a small yoke just below the waistline, with a snugly fitted bodice above.

Mrs. Nixon's Inaugural Ball Gown

Mrs. Richard Nixon, wife of the vice president-elect, shows the gown she will wear at the Inaugural Ball, January 20, in Washington. The full skirt is of four layers of blue-green net. The fitted bodice is of silvery brocade with a small pattern of flowers and outlined with seed pearls and rhinestones.

Final Evangelistic Service On Sunday

when the sermon subject will be "The Big Decision." Sermon topics for other services will be as follows: Tonight, "The Fatal Choice"; Thursday, "Almost" and Friday, "The Road to Hell in Three Acts." No service will be held Saturday evening.

A cut clove of garlic rubbed over a loin of pork before roasting gives zesty flavor. Or baste the roast with barbecue sauce while it's in the oven.

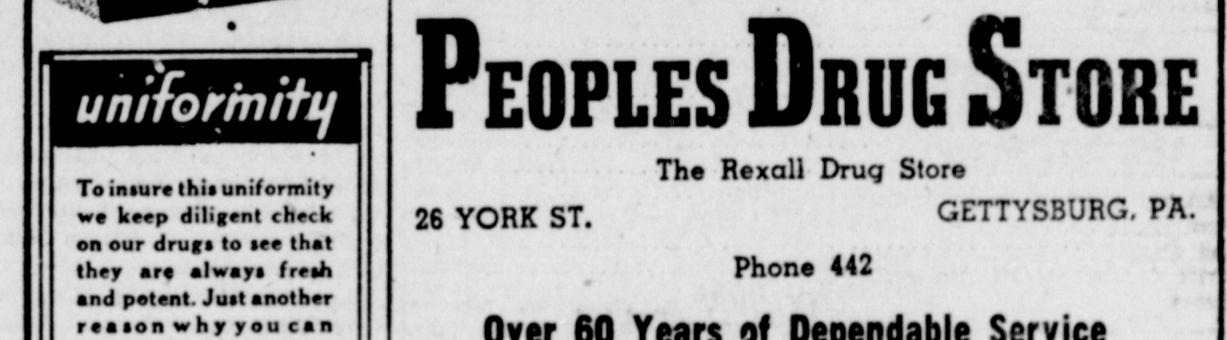

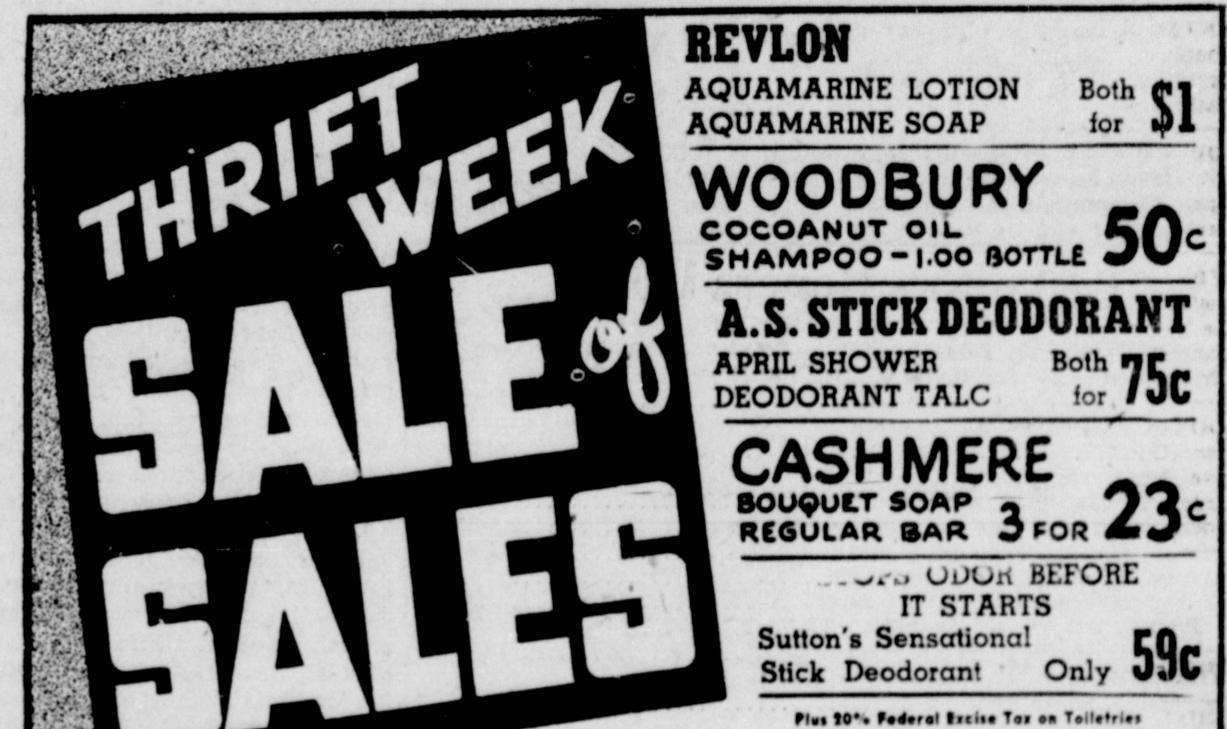

Peel and parboil sweet potatoes and then finish cooking and brown them around your roast turkey or chicken. Baste the potatoes with the pan juices.

ACHESON KEEPS OLD RESERVE AT LAST NEWS CHAT

WASHINGTON (AP) — President

Eisenhower reportedly has

told his Cabinet he wants a zealous

search made for any Communists

or Red sympathizers in federal

jobs—without use of any "witch hunt" tactics.

He also is understood to have

made it clear he wants a new

loyalty program set up promptly

for tighter screening of govern-

ment employees and applicants for

positions.

The matter, it was learned to

day, was discussed at length at

one of the conferences Eisenhower

held with his Cabinet and other

top appointees last Monday and

Tuesday.

Details Are Secret

Tentative decisions reportedly

were reached on the general out-

line of a new screening program,

but the nature of it is being kept

secret by those who attended the

conference.

Eisenhower arranged to confer

today with Rep. McConnell (R-Pa.),

new chairman of the House Labor

Committee.

Indications were that the Presi-

dent-elect and McConnell planned
